Listening to a radio in the shower is a nice way to wake up and start the day. But what if your radio can't turn up anything but Michael Bolton specials at 6 a.m.? What if you'd rather listen to a CD while you lather-up?

If you're always looking to go one better, here's an in-shower audio system that does.

The Splashproof Twin CD Companion has an AM/FM/VHF radio with 60 presets, wireless remote and twin vertical CD trays protected by a water-resistant casing. The unit also comes with alarm and sleep timer features along with its LCD screen, so it can be handy in any room.

The \$199.95 (U.S.) Splashproof Twin CD Companion comes with a wall-mount bracket, countertop stand and hooks for hanging from shower rod. You can order it [on-line](#).
